ABOUT US:

The **BioProcess to Product Network** provides free resources to support the biomanufacturing community in the United States. The BioP2P Network is a project of the [California Biomanufacturing Center](#) and with support from Schmidt Futures, a philanthropic initiative of Eric and Wendy Schmidt. Visit our [website](#) to meet the Scientific Advisory Board members who have contributed to this resource and follow us on social media.

BioP2P Network By the Numbers:

71

Number of U.S. contract
biomanufacturing
facilities on the BioP2P
Directory.

5

Number of Feedstocks
mapped on the BioP2P
Directory.

54

Number of Job Postings
on the BioP2P Career
Center with *BioProcess* in
the title.
